

SK R20W Light Duty Crank

SK Roller Blinds

SKR20W Light Duty Crank

Features:

The SKR20W plastic crank controlled roller blind features a 40mm grooved aluminium barrel and white metal universal brackets for face or top fixing. The robust plastic wind mechanism ensures very smooth blind control, operated by a detachable handle (handle sold separately). The fabric is locked into a groove in the barrel, and features a white plastic bottom bar as standard.

Benefits:

Durability and simplicity make the SKR20W a good choice for a vast range of applications. The detachable handle (handle sold separately) ensures the blind is vandal resistant and safe for areas where cords are a danger. The fabric is locked into the barrel and bottom bar, supported by sturdy metal brackets, and the mechanism is encased within a plastic housing.

Options:

Alternative bottom bars including fully fabric covered in aluminium or plastic, and aluminium Tear Drop in black or silver; Detachable handle; Wire side-guiding system; White aluminium back bar; Fascia.

Specification:

The SK R20W plastic crank controlled roller blind with detachable handle. Robust plastic wind mechanism and pin end enclosed within a plastic housing and supported by white metal brackets with covers. Flame retardant fabric from the SK range, locked into grooved 40mm aluminium barrel along with plastic bottom bar.
